OFFICE OF LIBRARY DEVELOPMENT
AND SERVICES
MINNESOTA DEPARTMENT OF EDUCATION

Services of the

Office of Library

Development and Services

(Formerly Office of Public Libraries and Interlibrary Cooperation)

The Office of Library Development and Services offers consultant, advisory and guidance services to librarians, library boards, public officials, and citizen groups interested in libraries and library development. The staff also administers the Minnesota program for public library development and multi-county multi-type library cooperating with state and federal funds appropriated for these purposes.

The Minnesota Library for the Blind and Physically Handicapped, located in Faribault and serving eligible users throughout the state, is part of the office, as is the Interagency Resource and Information Center, located in St. Paul and serving staff in six government agencies.

Inquiries concerning services and programs should be directed to Director, Library Development and Services, 440 Capitol Square, 550 Cedar Street, St. Paul, MN 55101.

Minnesota Public Library Statistics 1984

Introduction by William G. Asp

Each year, pursuant to Minnesota Statutes 134.31, Subdivision 4, the Office of Library Development and Services (LDS) collects and reports statistics on public library services in the state. Public library statistics for the library fiscal year ending during the calendar year 1984 are reported in this issue of Minnesota Libraries. In most cases, the library fiscal year coincides with the calendar year, and in all cases the statistics are comparable with those published annually for more than eighty years.

Annual report forms were distributed in January, 1985, to all Minnesota public libraries. Information reported in this publication is the information supplied by each library.

For tabulation and analysis of the data provided, LDS contracted with the Minnesota State Planning Agency-Land Management Information Center (LMIC) for computing services. Jan Feye-Stukas of LDS created the file structure and report formats. Janeen McAllister and Shawn Olson of LMIC provided technical assistance and programming support for the Prime 850 super minicomputer using Info 9 Software developed by Henco, Inc. Ruth Miller and Brenda Schultz of LDS entered the data via a remote terminal at LDS.

Space does not permit publication of all available data. Some of the additional data is summarized in this introduction. Specific tabulations and certain comparative data may be requested from Jan Feye-Stukas.

Persons noting errors in an entry are requested to report errors to Jan Feye-Stukas.

The Population Served

At the end of 1984, the number of Minnesotans served by tax-supported public libraries was 3,962,411, or 97.2% of the state's population. Of the population with public library service, 98% are served by libraries participating in regional public library systems. There were 333 staffed public library buildings in 1984, three more than in 1983. These three additional libraries are located in Becker and Big Lake where branches of the Great River Regional Library were established, and in St. Paul where a reading center was established by the St. Paul Public Library.

Minnesota's public libraries are organized into 135 administrative units — regional, county and city libraries. At the end of 1984, there were 22 public libraries not affiliated with regional public library systems.

In 1984, Dodge County became a participant in Southeastern Libraries Cooperating, and Traverse County joined Viking Library System. Late in 1984, Clearwater County joined Lake Agassiz Regional Library and services began in 1985. With these additions to systems, twelve counties remain with no countywide library service.

The Use of Public Libraries

All available evidence suggests that more Minnesotans are using public libraries for more services more often than ever before. The public library is the community's information center. People go to public libraries for reference information, to support formal and informal education, for leisure reading, listening and viewing, for group meetings, and numerous other purposes.

Library circulation is only one measure of library use. It is the only measure used in every Minnesota public library, so it is the sole available indicator of public library use statewide.

In 1984, users of Minnesota's public libraries checked out 29,612,859 items, an increase of 3.2% over 1983 and an increase of 21.5% since 1980. Public library circulation per capita grew to 7.47 items in 1984, the highest level in the state's history. Library circulation in the nine Twin Cities public libraries showed an increase of 4.1%.

Almost 80% of the public libraries use various other activity measures, more than twice the number reporting use of such measures in 1983. These activity measures were reported for 266 library buildings and 17 bookmobiles. In these libraries, 9,874,900 people used the buildings, 3,508,050 reference questions were asked, 2,023,500 directional questions were asked, and 8,657,485 items were used in the building and not checked out. Although these figures include only some of the public libraries in the state, they

give some indiction of public library activity.

Public Library Collections

Users of Minnesota's public libraries have access to books, magazines and newspapers, and in most public libraries users also have access to disc and tape recordings, video cassettes and discs, 16mm and 8mm films, art prints and other audiovisual materials. Overall library materials collections grew by 5.9% in 1984. As 1984 ended, Minnesota's public libraries held 10,160,040 books, an increase of 3% over 1983, and 23,166 periodical subscriptions, an increase of 10.11% over 1984. Audiovisual items totaled 532,187, an 8.1% increase. The number of microcomputer software diskettes available for public use more than doubled, from 600 in 1983 to 1,369 in 1984. Libraries reported having 3,796 toys and games.

The Sharing of Library Resources

With interlibrary loan networks, users of Minnesota public libraries gain access to millions of books in the state and nation. Participating public libraries may obtain materials for their users from other public libraries within their regional systems, or in some instances, from other types of libraries through their multicounty multitype library system. On a statewide basis, materials in collections of the metropolitan public libraries and the libraries of private colleges are shared with public libraries elsewhere through the Public Library Access Network (PLANET), headquartered at the St. Paul Public Library. Materials in academic, public and some special libraries are shared under a contract for services of the Minnesota Interlibrary Telecommunications Exchange (MINITEX).

Public library interlibrary loan requests in 1984 totaled 187,095, only 111 more than in 1983. Of this total, 164,164, or 87.79% were filled, a decline of almost 7%. Regional systems filled 58% of the requests, PLANET filled 12%, and MINITEX and other sources filled 16%. Of all requests, 6% were not forwarded beyond the regional level.

Special Services of Public Libraries

Specialized services for persons having special needs are provided by some Minnesota public libraries. Six regional public library systems and two county libraries operate books-by-mail service for persons who are homebound or living in remote areas. Other specialized services for homebound persons are provided by 139 public libraries. Sixty-one public libraries offer specialized services for handicapped persons. Service in institutions such as hospitals and nursing homes is provided by 154 public libraries. Corrections facilities are served by 31 public libraries. Services for day care facilities are reported by 64 public libraries, an increase from 27 public libraries reporting the service in 1983. Involvement with literacy services is reported by 24 public libraries, compared to 10 libraries in 1983.

Public Libraries and Cable Television

Public library involvement with cable television continues to grow rapidly. Public libraries in Cloquet, Two Harbors and Stillwater operate public access channels. Anoka County Library, Columbia Heights Public Library, and Hennepin County Library operate library channels. Cable television programs are produced by public libraries in Cloquet, Silver Bay, Two Harbors, Anoka County, Columbia Heights, Hennepin County, Scott County, Stillwater, Nobles County, Rock County and Sleepy Eye, and by the Minnesota Valley Regional Library. Video production training is offered by public libraries in Cloquet, Silver Bay, Two Harbors, Hennepin County, Washington County and Rochester, and by the Minnesota Valley Regional Library. Ten public libraries report that they are involved in other ways with cable television.

Public Library Funding

Public library service in Minnesota continues to be financed primarily from county and city funds. Public library receipts in 1984 totaled $60,606,111, a 12.4% increase over 1983. County and city funds, which account for 85% of the total, increased by 10.58%. State and federal funds, which provided 9.2% of the total, increased by 27.9%. A part of this increase is due to a change in grant payment schedules which had caused the total in 1983 to decline 3.1% from 1982. Miscellaneous income totaled 5.8%. Fines and fees produced 2.1% of public library income, gifts accounted for .9%, and interest for .7%.

Local receipts per capita increased from $11.81 in 1983 to $13.00 in 1984. With some notable exceptions, local support tends to be highest for public libraries in the seven county Twin Cities metropolitan area, where local support averages $18.68. Excluding these counties, average local support in 1984 was $7.30. Local support per capita for the Twin Cities libraries increased 9.36%, while the increase for libraries outside the Twin Cities area increased 12.65%, a reversal from previous years.

Receipts reported are for operating purposes

only and exclude capital projects which are reported separately. Also excluded are indirect receipts or in-kind contributions, the estimated dollar value of services paid by cities and counties outside the library operating budget, such as utilities and space in city-owned buildings. Often it is extremely difficult to estimate the value of these indirect receipts. Libraries reported an estimated total of $1,171,700, almost 11% less than in 1983.

Capital receipts in 1984 were $3,999,705, compared to $2,763,608 in 1983.

Public Library Expenditures

Operating expenditures of Minnesota public libraries in 1984 totaled $59,348,793, a 14.1% increase over 1983. Per capita expenditures for the population served increased from $13.18 to $14.97.

Expenditure patterns in 1984 show some interesting changes from previous years. Expenditures for personnel increased by 9.7% over 1983 and the number of full time equivalent staff increased by 19.2 positions, but the percentage of total expenditures for personnel declined from 67% to 64.4%. Expenditures for library materials increased to $10,309,717, a dramatic 29.1% increase over 1983, resulting in the addition to library collections of nearly 900,000 items.

Public libraries reported spending $7,410,304 for books, a 24.2% increase. Periodicals expenditures totaled $836,620, a 14.1% increase. Expenditures for audiovisual materials totaled $844,816, a 14.12% increase. Most dramatic of all, public libraries reported spending $774,458 for database searching, compared to $107,729 in 1983. While more and more public libraries are using online databases for reference service, at least part of the increase may be expenses for online cataloging reported here instead of under library automation. Substantiating this assumption is the decline reported in expenditures for library automation from $1,339,059 in 1983 to $1,137,350 in 1984.

Public libraries spent only $39,268 for staff development and $145,627 for continuing education. Expenditures for publicity materials were $160,779. For telephone service, public libraries spent $617,018, a 16.9% increase over 1983. Expenditures for postage totaled $340,891.

Total expenditures for operation of bookmobiles were $321,995, about one-half of one percent of total public library operating expenditures. Operation and maintenance of buildings including repair and maintenance, and utilities but excluding insurance, equipment and furniture, totaled $3,872,806, or 6.5% of total public library operating expenditures. Capital expenditures reported were $2,155,994 in direct expenditures and an estimated $537,991 in indirect expenditures.

Arrangement of Content of Tables

The arrangement and content of the tables is similar to reports in previous years. The summary table provides totals for each regional public library system and for the unaffiliated public libraries. Totals for the state are shown in this table.

Regional public library systems are reported in alphabetical order with system totals at the beginning. Data is presented for each branch of the consolidated regional public libraries and the county and city libraries. For federated regional public library systems, system totals are given first followed by data for system operations reflecting activities and services of the system headquarters. Member libraries of federated systems are reported next in alphabetical order. Bookmobiles are listed with their circulation and the total number of hours per week that they are available for public use. Circulation of books by mail programs is included in total system circulation. All per capita amounts were calculated using population data from the 1980 census. For individual libraries, per capita amounts were calculated using the population for the governmental unit primarily responsible for financing the library.

Sometimes useful comparisons can be made by size of library, population or budget. Computer printouts can be made using these characteristics and may be obtained by contacting Jan Feye-Stukas.
